## CAN NOT DOUBT UNUSUAL MERIT IN THIS PRAISE

West Virginia Woman Decided To Try Trutona And Thereby Gained Relief.

MORGANTOWN, W. Va., April 1.—After reading the statement of Mrs. Barbara Ammons, a well known woman of Morgantown, one can not doubt the fact that Trutona is truly a medicine of unusual merit, and one worthy of a trial by all suffering humanity. Mrs. Ammons is 68 years of age and resides at 179 Chestnut street in this city, and according to her own words Trutona has effected remarkable relief in her case.

"Yes, Trutona has worked wonders for me," Mrs. Ammons said "the other day." For the past seven or eight years I have suffered with rheumatism, and various aches in both my legs near the ankles. My limbs were badly swollen clear to my knees and I could not walk without help. No one can realize what I suffered. My appetite wasn't very good and at times I could eat nothing at all. I was continually annoyed with constipation, and had to be taking laxatives all of the time. It was hard for me to sleep at night and my rest was usually broken."

"I was told that my case was hopeless but I decided to try Trutona, anyway. After taking the first bottle of the perfect tonic, I started getting better, and I want to tell that to the world. My limbs have healed up now, and I'm so happy that they don't pain me as before. I sleep fine and can eat anything I care for and nothing hurts me. In fact, Trutona has done such wonders in my case that I feel like a different woman, and I want others to know what this medicine has done for me."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently not only as it did in Mrs. Ammons' case, but in thousands of other similar cases. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assist in the assimilation and digestion of the food. Trutona is now being introduced and explained in Fairmont at Crane's Drug Store; at Mannington, N. S. Matthews & Co.'s Drug Store; Cameron, Cameron Drug Co.; Clarksburg, J. Harper Rogers Drug Store; Fairview, McCoy's Pharmacy; Gratton, Gratton Drug & Chemical Co.

Charles W. Travis and wife to H. L. Compton, a parcel of land in Winfield district. Consideration \$1,000.

H. W. Grandstaff to George A. Harden, a parcel of land in the village of Thoburn in Lincoln district. Consideration \$1,800.

Helen Anna Boor and husband to Truman L. Shaffer a parcel of land in Union district. Consideration \$1.

### Monkey-Talk.

Professor Garner reports that the female ape says "Moo-hoo," and the male ape replies "Wahoo." Evolution doesn't appear to have carried us very far. A chap on the moonlit beach last night said, "Who's is oo?" and the girl replied, "It's oo's."—San Francisco Chronicle.

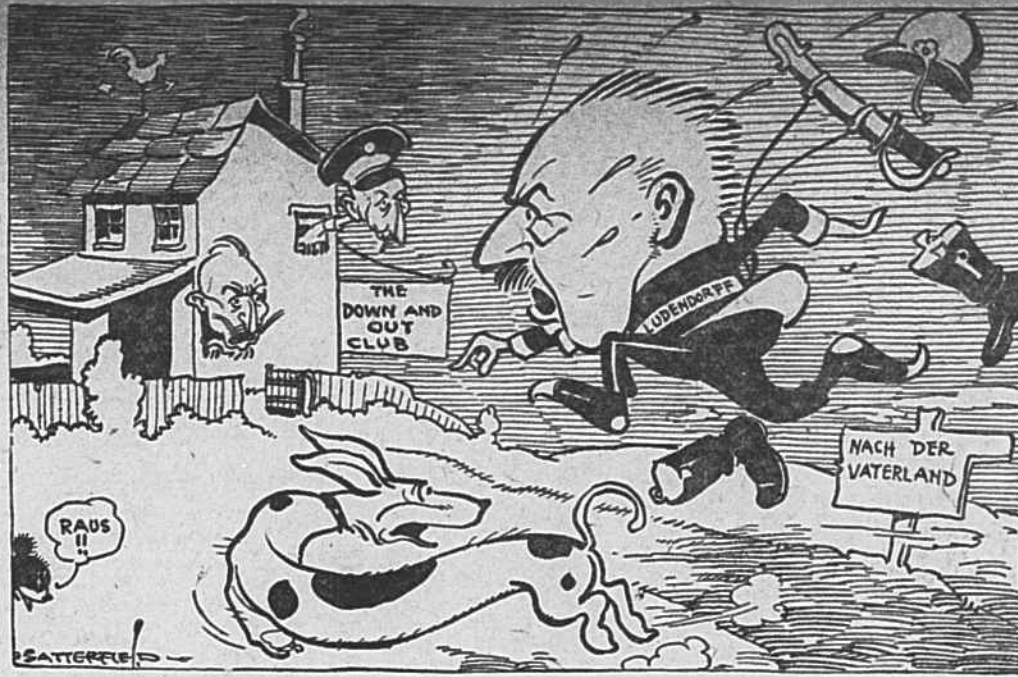

### Around the World in a Day.

If you could fly in an airplane at a steady speed of 1,089 miles an hour and keep it up for twenty-four hours, and were to start westward at noon on the equator, the sun would not set for you that day, but the earth would make one complete revolution under your feet.

### Patriotism.

Counterfeits imply an original. There is such a virtue as patriotism, acknowledged by both natural and revealed religion; and it is a development of that benevolence which springs from moral goodness. . . . Our benevolence, when directed to our countrymen at large, constitutes patriotism; and its exercise is as much controlled by the laws of morality as when confined to our neighbors or our families.—William Jay.

**Making Iron Rustproof.**  
According to Professor Barff, if iron is subjected to the action of superheated steam at a temperature of 650 degrees Centigrade for from six to seven hours it becomes covered with a coating which is proof against rusting or the action of a file. A great advantage of the system is that, if a part is left untreated and begins to rust the rusting does not spread sideways to the treated portions.
